

UNDERSTANDING YOUR MFL ACCOUNT STATEMENT

Your annual statement summarises 'money in' and 'money out' of your account, so you know how much you started with and how much you had at 30 June. It also provides other useful information to help you make the most of your investment.

This guide applies to:

- MFL Mutual Fund

PAGE 1 OF YOUR ACCOUNT STATEMENT

1 These are some of your account details. Have this information on hand if you need to contact us. If any of the details are wrong or incomplete, please let us know. Also note, any changes you made recently to your investment or contact details may not be reflected.

2 This table shows the money that has moved in and out of your account over the year. It also shows your investment return. See page 2 for explanations of each item.

3 This is the amount you had in your account at the end of the scheme year. Note, by the time you receive your account statement, your balance is likely to have changed. You can see your balance at any time in ANZ goMoney or Internet Banking, or you can contact us.

4 This chart shows your account balance over time.

- The **dark red** line is your total account balance, after fees and taxes have been deducted.
- The **light red** line is a total of all contributions made, less any withdrawals.

The gap between the two lines indicates how much your investment has earned after fees and tax. If your balance is higher than your contributions, the difference reflects investment gains; if your balance is lower than your contributions, the difference reflects investment losses.

5 These messages suggest some actions you might like to consider. You may also see some messages on page 2 of your account statement.

1 Account details: Ms JA Sample, Sample Street, Sample Heights, Sampletown. Investor number: 010101, Tax rate (PIR): 28%.

2 Account Statement: MFL Mutual Fund, From 1 July 2023 to 30 June 2024.

Your account summary	
Opening balance at 1 July 2023	\$32,306.10
Contributions	\$0.00
Withdrawals	\$0.00
Investment return	\$153.00
Tax	-\$127.56
Annual fund charge: 0.83%	-\$270.30
Closing balance at 30 June 2024	\$32,061.24

3 Your savings are generally locked in until December 2024.

4 Your account history: Compare your balance over time with your contributions (less any withdrawals). The difference is your investment return.

5 Are you on the right tax rate for this investment? Check your prescribed investor rate (PIR) each year so the correct tax is paid on your investment. Find out more, and change your PIR if you need to: mfmutual.co.nz/pirupdate

Setting up regular contributions can help to build your savings. Set up contributions at a frequency and amount to suit your lifestyle – or make a lump sum payment at any time. mfmutual.co.nz/contributions

MFL Mutual Fund Account Statement Investor number 010101

You're invested in this fund
MFL Mutual Fund

The MFL Mutual Fund is a managed portfolio that invests predominantly in Australasian listed property, Australasian equities, and international listed property. It may also invest in cash and cash equivalents, fixed interest assets and companies, funds or trusts that invest in property and are intending to list. Some underlying investments are held directly and some are held via an underlying fund.

Listed property includes trusts or companies that own or invest directly in commercial, office and industrial property. The fund's equity investments will predominantly be shares in listed trusts or companies with a substantial property component. These could include, for example, ports, airports, toll roads, utility networks and retirement villages.

The mix of assets the fund generally intends to invest in is:

Asset Class	Percentage
Cash and cash equivalents	5%
Fixed interest	5%
Equities	25%
Listed property	65%

TERMS YOU MAY SEE ON YOUR ACCOUNT STATEMENT

Annual fund charge: a charge that covers services in administering, supervising and actively managing the investments of the fund, access to expert fund managers, and regular communications.

It is deducted from the assets within the fund, which means you won't see it in your transaction listing in ANZ goMoney or Internet Banking. The Annual fund charge percentage shown is for the year ended 30 June 2023.

See mflmutual.co.nz/fees-charges for more information.

Balance: the value of your investment in the scheme. You can find an up-to-date balance at any time through ANZ goMoney or Internet Banking, or by contacting us.

Contributions: a total of all contributions made to your account during the year.

Investment return: the gain or loss made when the assets in a fund move up or down in value.

Prescribed investor rate (PIR): the rate used to calculate how much tax the fund will pay on your investment. If you haven't told us both your PIR and your IRD number, the default rate of 28% is used.

Tax includes:

- the amount of tax paid to Inland Revenue (or tax refunded); and
- the change in tax accrued between the opening and closing balance date.

Tax is calculated based on your prescribed investor rate (PIR) and applied to your investment.

Withdrawals: a total of all withdrawals made from your account during the year. Note, only members who are eligible can make withdrawals. In special circumstances, some early withdrawals may be permitted.
